

## N25LEDX - Nordic Lights' new N25LED champion!

The new N25LEDX is leading the N25LED work light evolution with its efficiency, life time and quality of light.

The N25LED worklight-series is designed for applications in extremely tough conditions, where high service life and durability is important. Its low power consumption and multi-voltage use, combined with superior illumination and extremely long life time, makes the N25LED worklights suitable for most applications in the industry. The N25LEDX worklight is completely waterproof and shock resistant, which gives the most requiring customer a product that exceeds all expectations.

### N25LEDX Specifications

<b>Theoretical Lumens Output:</b>	1200 lm
<b>Operating Lumens Output:</b>	750 lm
<b>Nominal Voltage:</b>	12 - 80 V DC
<b>Power Consumption:</b>	17 W
<b>Nominal Current at 12V:</b>	1.4 A
<b>Nominal Current at 24V:</b>	0.7 A
<b>Electronics:</b>	Integrated -Epoxy Encapsulated
<b>Connector:</b>	Built-In Deutsch DT Series 2 Pin
	Built-In AMP
<b>Mount:</b>	Singel Bolt M10
<b>Shock:</b>	60 G
<b>Lens:</b>	PC
<b>Body:</b>	Aluminum
<b>Weight:</b>	1.0 kg
<b>IP Rating:</b>	IP68
<b>Salt Mist:</b>	ISO 9227
<b>EMC:</b>	ISO13766, ISO14982
	ISO7637-2, EN12895
<b>Operating Temperature:</b>	-40°C...+50°C
