

Product Information

Nanobright Cleaner is a universal cleaner for hard surfaces. It is used for removing any dust, dirt and residual contamination from the surface, especially prior to the use of nano coating products.

Do not use the product on absorbent and/or highly sensitive materials.

Application Surfaces

All appropriate non-absorbent surfaces

Benefits & Key Features

- Easy one-step application.
- Removes dust, dirt and residual contamination.

Instructions

Spray the product onto the surface in the essential amount with a trigger bottle and wipe with a clean microfiber cloth.

Application Tips

Only work on cool surfaces. If required, pre-clean the surface properly, to get rid of heavy dirt and contamination.

Specifications

| | |
|-------------------------|------------------------|
| Packaging | 150 mL |
| Application Temperature | 5°C-30°C |
| Appearance | Colorless Liquid |
| Density @23°C | 0.79 g/cm ³ |
| pH Value | 5.0-5.5 |

Storage

To achieve a high product effectiveness, keep the unopened packaging in a dry, well-ventilated space away from heat and ignition sources, stored at -3 °C to +30 °C / 26.60 °F to 86 °F. The shelf life of product is 24 months from the date of production when stored in the unopened packaging under suggested storage conditions. After every use, it is recommended to close the lid to avoid product loss by evaporation.
